A wollen fabric heart pinned on a t-shirt, a marked geeky-nerd attitude is what make My Awesome Mixtape unique of its kind... Five guys with a mission: "Make your heart beat and your hands clap in time". It all started in a room surrounded by a wonderful bolognese panorama similar to the darkest and most gothic Edgar Allan Poe's settings... Here is where My Awesome Mixtape are born and grew up with their "Catchy Geek Pop", something totally different from the Poe's landscape! Friendly, Happy, Fresh, Young [as the age of the band members] the my awesome mixtape songs are certainly inspired to the Anticon Scene [why?, themselves...most of all], Suburban Kids with Biblical Name, The Faint, Tender Forever and the Blow. What will happen next?! That's basically unknown, apart from spreading the Nerd Word all over europe and the entire world.
